EXPLANATION OF STATISTICS

The following pages provide statistical information on the 2010-2011 TST enrolment. In some cases, we have also provided statistics from the previous five years to chart the trends in enrolment. Data were taken from the University of Toronto's student records database, ROSI (Repository for Student Information). This information is provided numerically as well as visually to show the breakdown of information. The tables and figures were prepared by Natasja VanderBerg, Registrar and Manager of Academic Services, TST.

The tables and figures fall into one of four categories:

1. Teaching Activity (teaching contributions of colleges and departments and student registrations)
2. Enrolment (full-time equivalent and head count enrolment over the past five years)
3. Demographics of Students (age, gender, part time/full time status, domestic/international)
4. Admissions (broken down by program and geographic origin)

TEACHING ACTIVITY: (Table 1, 1A & 1B, Figures 1-4)

- Table 1 on "Teaching Activity by Departments and Colleges" reports how many course registrations occurred in the courses offered by colleges and departments. Tables 1A and 1B provide detailed information about teaching and cross-registrations.
- Figures 1 and 2 present trends over the last five years in the teaching contributions of the member colleges. Figure 3 presents the relative teaching contribution of departments shown by course registrations (Biblical, Historical, Pastoral, Theological, Field Education and Doctor of Ministry).
- Figure 4 shows the percentage of courses taken by students that are offered within their home college, within their broader tradition, and outside of their broader tradition.

ENROLMENT: (Tables 2-4, Figures 5-8)

- Table 2 presents a detailed view of FTE (Full-Time Equivalent) student enrolment by TST college. The terms eligible and ineligible refer to whether or not the student's registration generates entitlement for government funding.
- Table 2A presents the same data as Table 2, except that it shows the BIU ("Basic Income Unit") count, reflecting the greater weight for ThD and ThM for deriving government funding for eligible students.
- Table 3 presents the same enrolment as Table 2, except that it shows enrolment by head count rather than FTE.
- Table 4, Analysis of 2010-2011 Enrolment Data, shows student registrations by college and program.
- Figure 5 provides an overall picture of enrolment in TST over the past five years.
- Figures 6, 7 and 8 report on FTE enrolment patterns by college over the past five years, for Advanced Degree (Figure 6), Basic Degree (Figure 7) and all programs (Figure 8).

DEMOGRAPHICS OF STUDENTS: (Figures 9-12)

- Figure 9 shows the average age of students in each program of study in the current year.
- Figure 10 shows the percentage of female and male students at the basic degree and advanced degree levels over the last five years.
- Figure 11 shows the percentage of part-time and full-time students at the basic degree and advanced degree levels over the past five years.
- Figure 12 shows the proportion of domestic students vs. international students, and shows the country of citizenship of the current international students.

ADMISSIONS: (Figure 13)

- Figure 13 shows the head count for admissions into each program over the past five years.

CONVOCATIONS

Regis College, St. Michael's College and St. Augustine's Seminary held graduation ceremonies in November 2010. Emmanuel College, Knox College, Trinity College and Wycliffe College held graduation ceremonies in May 2011. Degrees were awarded as follows:

Degree	FALL 2010				Spring 2011					Annual Total

* The MA and PhD degrees are awarded by the University of St. Michael's College and are not conjoint degrees. Of the 8 MAs awarded, 2 were conferred on students of Regis; 3 St. Michael's; 2 Trinity and 1 Wycliffe. Of the 15 PhDs awarded, 3 were conferred on students of Emmanuel; 2 Regis; 6 St. Michael's; and 4 Wycliffe.

SUMMER REGISTRATIONS

During the 2011 Summer Session there were 68 courses offered through TST colleges (excluding Field Education and Reading & Research courses). The final enrolment by college is as follows:

College	Enrolment (Weighted Enrolment)*		Courses (Credits)	
	Basic Degree	Advanced Degree	Basic Degree	Advanced Degree
Emmanuel	58	-	5	-
Knox	28	-	2	-
Regis	47 (57)	10 (12)	7 (9)	3 (4)
St. Augustine's	80	-	8	-
St. Michael's	76	2	9	1
Trinity	91	-	14	-
Wycliffe	128	6	9	1
TST (DMin)	-	46	-	4

CSOCR (formerly TIPE)	16 (32)	-	3 (6)	-
SUBTOTALS	526 (552)	64 (66)	59 (64)	9 (10)
TOTAL	590 (618)		68 (74)	

* In enrolment, the first number is the head count, while the number in parentheses is the weighted enrolment: Each semester (H) course enrolment is counted once and each Y course enrolment is counted twice. The number of courses appearing within brackets reflects the TST credit count for each college. Each semester (H) course is worth one TST credit and each Y course is worth two TST credits.

ELIGIBLE AND INELIGIBLE Enrolment: HEAD COUNT 2010-2011

This chart shows head count of same student data (2010 Summer, 2010 Fall & 2011 Winter) used for Table 2 – students counted once per program of study and once for each college of registration. 74 students are counted twice: 65 who were registered within two programs at the same college; 3 who switched colleges; and 6 who switched both programs and colleges. One student was counted three times (3 programs at 2 colleges).

Trend from 2009 - 2010 to 2010 - 2011:

The enrolment level increased significantly in 2010-2011 compared to the year previous. The total head count in 2010-2011 was 1652 while in 2009-2010 there were 1540 students enrolled. The net increase was 7.3%. AD enrolment increased by 5.7% while BD enrolment increased by 7.9%.

FIGURE 1

**College Teaching Contribution as Percentage of Whole
Advanced Degree**

Teaching is measured by the course enrolments of the courses (including Research & Reading courses) offered by each college and the graduate committee participation provided by each college. 11.4% of the teaching was done by other units, mostly within the Doctor of Ministry program at the Toronto School of Theology.

(Data for this figure and Figure 2 were taken from college totals shown on Teaching Activity Reports in Table 1A and 1B.)

FIGURE 2

**College Teaching Contribution as Percentage of Whole
Basic Degree**

Teaching is measured by the course enrolments of the courses (including Research & Reading courses) offered by each college.
2.2% of the teaching occurred outside the member institutions.

FIGURES 3 a & b

2010-2011 Teaching by Department Basic Degree

Advanced Degree

The number of course registrations in each department is shown for Fall 2010 and Winter 2011.
Y courses which span both terms are counted once in each term.
