In writing the plan of study, applicants should remember that applications are reviewed by a multidisciplinary selection committee, some members of which may not be familiar with the field or sub-field in which an applicant proposes to work.

All submitted transcripts must be original copies, not certified copies from a previously attended institution. **Begin the process of requesting original transcripts as soon as possible (minimum 2 weeks in advance).**

Departmental and Institutional Appraisal: SSHRC applicants are not required to provide a departmental appraisal as a part of their application packages. The Departmental Appraisals will be made by the Advanced Degree Director of TST, after the TST Ranking Committee has met.
