Class Times: Tuesdays 2:00 pm to 4:00 pm

Course Description
Students of this introductory course to Christian education and faith formation will experience a broad overview of key concepts and anticipated expectations in the field of Christian education and faith formation. Together, through a variety of learning methods, we will consider education and faith formation from both a theoretical and practical perspective. We will focus on a biblical mandate, theological and historical overview, and theoretical approach to Christian education and faith formation a practical application of this learning in mind. We will examine and experiment with curriculum theory and evaluation, basic lesson planning, multiple intelligences, and the importance of stories with opportunities to engage with current congregational resource materials and practice.

Students will integrate their learning and reflection through their assignment of storytelling which requires each participant to develop their own theological and practical statement of Christian education and/or faith formation which could be used as a basis for their CE portion of their Statement of Faith and Ministry when applying for a ministry position down the road. Students who keep a learning and reflection journal throughout the length of the course will find this a very useful tool when writing the final paper.

This course will use a variety of teaching and learning methods including lecture, small group research and group discussion, independently selected readings, short presentations and creative speaking, and the submission of a book report and final paper.

Late work (BD). The only acceptable excuse for late work is the UT medical documentation. Assignments will be penalized at the rate of five percent per day, including weekends, and will not be accepted after 7 days. Please note that late work disrupts the momentum of the class as a whole and creates inequity of opportunity as others submit by the deadline. To receive an extension on the final paper, you must petition the BD committee by the required date. All other academic information is available in the BD manual.

This penalty is not applied to students with documented medical or compassionate difficulties or exceptional reasons (e.g., a death in the family or a serious illness); students facing such difficulties are kindly requested to consult with their faculty advisor or basic degree director, who should make a recommendation on the matter to the instructor and request an SDF. The absolute deadline for obtaining an SDF for the course is the examination day scheduled for the course or the last day of examination week, whichever is sooner. An SDF must be requested from the registrar’s office in the student’s college of registration no later than the last day of exam week in which the course is taken. The SDF, when approved, will have a mutually agreed upon deadline that does not extend beyond the conclusion of the following term. If a student has not completed work but has not been granted an SDF, a final mark will be submitted calculating a zero for work not submitted.

Course grades. Consistently with the policy of the University of Toronto, course grades submitted by an instructor are reviewed by a committee of the instructor’s college before being posted to ACORN. Grades are not official until they are posted to ACORN. Course grades may be adjusted where they do not comply with University Assessment and Grading Practices Policy found at www.governingcouncil.utoronto.ca/Assets/Governing+Council+Digital+Assets/Policies/PDF/grading.pdf, policies found in the TST conjoint program handbooks, or college grading policy.

Policies

Attendance is mandatory.

A high rate of attendance is key to student success, given the nature of theological education and the importance of classroom interaction and learning at Emmanuel College. Students should not accept significant outside obligations during the academic term.

For a regular course, students who register and miss two (2) classes may receive a lower or failing grade for the course. In order to avoid this penalty, students must notify their instructor with a valid reason for any absence before class. Students missing twenty-five (25) percent or more of a course will be automatically withdrawn from that course.

Accessibility. Students with a disability or health consideration, whether temporary or permanent, are entitled to accommodation. Students in conjoint degree programs must register at the University of Toronto’s Accessibility Services offices; information is available at http://www.accessibility.utoronto.ca/. The sooner a student seeks accommodation, the quicker we can assist.

Plagiarism. Students submitting written material in courses are expected to provide full documentation for sources of both words and ideas in footnotes or endnotes. Direct quotations should be placed within quotation marks. (If small changes are made in the quotation, they should be indicated by appropriate punctuation such as brackets and ellipses, but the quotation still counts as a direct quotation.) Failure to document borrowed material constitutes plagiarism,
which is a serious breach of academic, professional, and Christian ethics. An instructor who discovers evidence of student plagiarism is not permitted to deal with the situation individually but is required to report it to his or her head of college or delegate according to the TST Basic Degree Handbook and the Graduate program Handbooks (linked from http://www.tst.edu/academic/resources-forms/handbooks and the University of Toronto Code of Behaviour on Academic Matters http://www.governingcouncil.utoronto.ca/AssetFactory.aspx?did=4871. A student who plagiarizes in this course will be assumed to have read the document “Avoidance of plagiarism in theological writing” published by the Graham Library of Trinity and Wycliffe Colleges http://www.trinity.utoronto.ca/Library_Archives/Theological_Resources/Tools/Guides/plag.htm.

Other academic offences. TST students come under the jurisdiction of the University of Toronto Code of Behaviour on Academic Matters http://www.governingcouncil.utoronto.ca/policies/behaviorac.htm.

Back-up copies. Please make back-up copies of essays before handing them in.

Obligation to check email. At times, the course instructor may decide to send out important course information by email. To that end, all students in conjoint programs are required to have a valid utoronto email address. Students must have set up their utoronto email address which is entered in the ACORN system. Information is available at www.utorid.utoronto.ca. The course instructor will not be able to help you with this. 416-978-HELP and the Help Desk at the Information Commons can answer questions you may have about your UTORid and password. Students should check utoronto email regularly for messages about the course. Forwarding your utoronto.ca email to a Hotmail, Gmail, Yahoo or other type of email account is not advisable. In some cases, messages from utoronto.ca addresses sent to Hotmail, Gmail or Yahoo accounts are filtered as junk mail, which means that emails from your course instructor may end up in your spam or junk mail folder. Students in non-conjoint programs should contact the Registrar of their college of registration.

Email communication with the course instructor. The instructor aims to respond to email communications from students in a timely manner. All email communications from students in conjoint programs must be sent from a utoronto email address. Email communications from other email addresses are not secure, and also the instructor cannot readily identify them as being legitimate emails from students. The instructor is not obliged to respond to email from non-utoronto addresses for students in conjoint programs. Students in non-conjoint programs should only use the email address they have provided to their college of registration.
