

**Academic Reference for
Master of Arts (MA) in Theological Studies Program
Admission to Fall 2024**

Dear Academic Referee,

The Master of Arts (MA) in Theological Studies is a full-time research master's program intended to provide students with the analytical skills, methodological rigour and knowledge base that will enable them to carry out research at the leading edges of their areas of specialization. This master's is a research degree very well suited for those desiring to pursue further research in a doctoral program.

As an academic referee you must have taught the applicant in the institution from which they received their undergraduate (or second-entry undergraduate) degree. The Graduate Centre for Theological Studies (GCTS) asks that referees write a letter in which they comment candidly on the applicant's qualifications to pursue and complete graduate studies. Character references alone are not enough. Letters must address academic skills and be signed by the referee. References should address reading and writing ability, language skills, capacity for analysis and critical thinking, and capacity to engage in a community of learning. References issued to students or photocopies will not be accepted. To ensure your reference is matched to the applicant, please include the following in your letter of reference:

- the legal name of the applicant
- Indicate that you are providing an Academic Letter of Reference
- your name, position, and institution with which you are affiliated
- Sign and date your letter

Please submit your reference through the online application form by the deadline of **12 noon (EST), December 01, 2023**, for first round consideration or **12 noon (EST), February 15, 2024**, for second round consideration.

References issued to applicants or photocopies will not be accepted. Your letter is considered a confidential document and will not be shared with the applicant.

Thank you.
