Course Description

This course will explore the relation between the emerging Mission Dei theology of contemporary Christian missiology and current global and local ecumenical understandings of sexuality/sexualities, in terms of biblical studies, history, theology, ecclesiology, ethics, social sciences and pastoral practice. Students will be expected to become familiar with and reflect thoughtfully on current issues in this area. The primary goal of the course is to explore how Missio Dei missiology, exemplified by the Reformed theologian David Bosch and Pope Francis, might constructively address the many complex global sexualities in a way that respects both God’s mission in Jesus Christ and the local situations. The course does not aim at a single view of these issues but rather to assist students to clarify and deepen their understanding of these issues. Teaching will be through lectures, readings, research and discussion. Evaluation will be based on two reflection papers (10% each) and the research paper (80%).

Please see the appropriate handbook for more details about the grading scale and non-numerical grades (e.g. SDF, INC, etc).

**Late work (BD).** Basic Degree students are expected to hand in assignments by the date given in the course outline. [The instructor should stipulate the penalty for late work.] This penalty is not applied to students with medical or compassionate difficulties; students facing such difficulties are kindly requested to consult with their faculty adviser or basic degree director, who should make a recommendation on the matter to the instructor. The absolute deadline for the course is the examination day scheduled for the course. Students who for exceptional reasons (e.g., a death in the family or a serious illness) are unable to complete work by this date may request an extension (SDF = “standing deferred”) beyond the term. An SDF must be requested from the registrar’s office in the student’s college of registration no later than the last day of classes in which the course is taken. The SDF, when approved, will have a mutually agreed upon deadline that does not extend beyond the conclusion of the following term. If a student has not completed work but has not been granted an SDF, a final mark will be submitted calculating a zero for work not submitted.

**Course grades.** Consistently with the policy of the University of Toronto, course grades submitted by an instructor are reviewed by a committee of the instructor’s college before being posted. Course grades may be adjusted where they do not comply with University grading policy [http://www.governingcouncil.utoronto.ca/policies/grading.htm](http://www.governingcouncil.utoronto.ca/policies/grading.htm) or college grading policy.
Policies

Accessibility. Students with a disability or health consideration are entitled to accommodation. Students must register at the University of Toronto’s Accessibility Services offices; information is available at http://www.accessibility.utoronto.ca/. The sooner a student seeks accommodation, the quicker we can assist.

Plagiarism. Students submitting written material in courses are expected to provide full documentation for sources of both words and ideas in footnotes or endnotes. Direct quotations should be placed within quotation marks. (If small changes are made in the quotation, they should be indicated by appropriate punctuation such as brackets and ellipses, but the quotation still counts as a direct quotation.) Failure to document borrowed material constitutes plagiarism, which is a serious breach of academic, professional, and Christian ethics. An instructor who discovers evidence of student plagiarism is not permitted to deal with the situation individually but is required to report it to his or her head of college or delegate according to the TST Basic Degree Handbook (linked from http://www.tst.edu/content/handbooks) and the University of Toronto Code of Behaviour on Academic Matters http://www.governingcouncil.utoronto.ca/AssetFactory.aspx?did=4871. Back-up copies. Please make back-up copies of essays before handing them in.

Obligation to check email. At times, the course instructor may decide to send out important course information by email. To that end, all students are required to have a valid utoronto email address. Students must have set up a utoronto email address which is entered in the ROSI system. Information is available at www.utorid.utoronto.ca. The course instructor will not be able to help you with this. 416-978-HELP and the Help Desk at the Information Commons can answer questions you may have about your UTORid and password. Students should check utoronto email regularly for messages about the course. Forwarding your utoronto.ca email to a Hotmail, Gmail, Yahoo or other type of email account is not advisable. In some cases, messages from utoronto.ca addresses sent to Hotmail, Gmail or Yahoo accounts are filtered as junk mail, which means that emails from your course instructor may end up in your spam or junk mail folder.

Email communication with the course instructor. The instructor aims to respond to email communications from students in a timely manner. All email communications from students should be sent from a utoronto email address. Email communications from other email addresses are not secure, and also the instructor cannot readily identify them as being legitimate emails from students. The instructor is not obliged to respond to email from non-utoronto addresses.
